

# Programme Change Form

- The information below outlines the approved changes to modules and programmes for 2021-22 in the context of Covid-19 and the move to blended learning.
- This form outlines any changes that have been made to your Definitive Programme Document (DPD) (or Student Handbook) for your programme and accordingly acts as a supplement to the DPD for 2021-22.
- The DPD has not been updated to reflect these changes.
- **Note that modes of delivery may revert back to the original DPD (or Student Handbook) should social distancing measures be lifted.**
- **If changes have been made to intended learning outcomes and assessments, these will not change further once a module has started.**
- **If a module or entire programme reverts back to the original DPD you will be informed in advance of the start of a semester/trimester.**

## Programme changes 2021/22

Programme Title	<b>BSc (Hons) Global Development &amp; Sustainability</b>
Modes of delivery	Campus-based and blended learning.
Programme content	<b>There are no changes to the programme content.</b>
Work experience and placement opportunities	SOC6101 Community Engagement is dependent upon students being able to access and work with community groups as a volunteer. However, the module will still run in the event of such placements being unavailable due to Covid-19 with the contingency plan of a fully taught programme
Programme Structure	<p><b>The following changes have been made to the programme structure:</b></p> <p>GEO6100-20 Advanced Geographical Fieldwork (incorporating Lake District and Barcelona field trips) has been moved to semester 2.            GEO6102-20 River Management has been moved to semester 1.            At present we hope to be able to run all residential field trips. Further decisions on whether these can run will be made in Autumn 2021. See module changes forms for GEO6100-20 Advanced Geographical Fieldwork (relating to Lake District and Barcelona field trips) and GEO5101-20 Geographical Fieldwork (relating to India field trip)</p>
