

# Programme Change Form

- The information below outlines the approved changes to modules and programmes for 2021-22 in the context of Covid-19 and the move to blended learning.
- This form outlines any changes that have been made to your Definitive Programme Document (DPD) (or Student Handbook) for your programme and accordingly acts as a supplement to the DPD for 2021-22.
- The DPD has not been updated to reflect these changes.
- **Note that modes of delivery may revert back to the original DPD (or Student Handbook) should social distancing measures be lifted.**
- **If changes have been made to intended learning outcomes and assessments, these will not change further once a module has started.**
- **If a module or entire programme reverts back to the original DPD you will be informed in advance of the start of a semester/trimester.**

## Programme changes 2021/22

Programme Title	<b>BSc (Hons) Human Nutrition</b>
Modes of delivery	Blended learning.
Work experience and placement opportunities	We will continue to offer these as before, and if you have chosen the work experience module, we will be able to offer placements using existing contacts and can be flexible with the style of working. If you are on a course with a PPY in 2021/22 we will continue to support you to find a Placement.
Programme Structure	There have been no changes to the programme structure except to remove the optional module listed above.

### Revised Programme Content

This programme comprises the following modules

Key:

Core = C

Required = R

Required\* = R\*

Optional = O

Not available for this status = N/A

If a particular status is greyed out, it is not offered for this programme

<b>BSc Human Nutrition</b>	<b>Status</b>
