Programme Overview

BA (Hons) Acting trains you to be a versatile, imaginative and employable actor. Its embodied approach develops graduates who are adept at working in a variety of genres across the classical and contemporary repertoires at the forefront of industry, as well as preparing you for the option of postgraduate study. This is a challenging programme that requires considerable stamina and continued application.

Level 4 introduces key practitioners and processes that underpin actor training. We develop movement, vocal, singing and comedic skills for working effectively as individuals and as members of an ensemble. The principles of academic writing: research, analysis, and critique are initiated at this level.

Level 5 builds your knowledge of interpretation, analysis and performance of text. As an actor/creator you develop an understanding and application of a range of theatrical approaches and dramaturgical choices to make meaningful and imaginative work. Critical theory develops your academic and cognitive skills. In addition to ongoing technical classes, acting for camera training and stage combat expands your skills in preparation for level 6.

This is your professional practice year, in which you collaborate with peers across a range of partner programmes, for instance, BA Theatre and Digital Production. Your final year hones the skills and knowledge applicable to a range of employment scenarios.

Strategically selected projects and public performances throughout the year with directors, writers and other industry specialists in public venues encourages professional working relationships and networking skills vital for future employment.

Professional preparation includes invited practitioners and graduates sharing their knowledge and experience of the workplace. Your professional training is complemented by advice on developing an online presence.

Acting at BSU, equips you with the rigorous academic knowledge required for postgraduate study, as well as the essential practical and creative skills for becoming independent thinkers, motivated artists and freelance practitioners.

Assessment methods

A range of summative assessment tasks will be used to test the Intended Learning Outcomes in each module. These are indicated in the attached assessment map, which shows which tasks are used in which modules.

Students will be supported in their development towards summative assessment by appropriate formative exercises and continuing feedback.

Please note: if you choose an optional module from outside this programme, you may be required to undertake a summative assessment task that does not appear in the assessment grid (appendix 3) in order to pass that module.

Work experience and placement opportunities

Structured work placements are considered to be a key determinant in gaining graduate level employment on graduation by both employers and students. If you want to explore a placement in a field completely different to your course, then this is possible between levels 5 and 6 via the university-wide Open Module for placements. The BSU **Professional Placement Year** provides you with the opportunity to identify, apply for, and secure professional experience, normally comprising 1-3 placements over a minimum of 9 months, which attracts 120 Level 5 credits. You may choose to take an open work-placement module if you wish to work in a field other than acting. These placements are not related directly to industry specific employment, but do enhance your transferable skills in the wider workplace environment.

With regard to BA (Hons) Acting, it is important to note that Equity, the UK trade union for professional performers and creative practitioners, does not permit students to undertake any formal work experience or placement as a professional actor before graduation. However, level 6 of this programme focuses exclusively on live projects replicating the professional workplace environment through your involvement with OnSet, the production company of the College of Liberal Arts (CoLA).

OnSet brings together performers, designers, directors, musicians, technicians, producers and managers across the field of Music and Performance. All OnSet projects involve working directly with industry professionals. The Professional Actor module provides you with excellent opportunities for developing your professional profile and expanding your networks.

Examples of organisations and professionals that have provided OnSet projects include:

Theatre Royal Bath	The Egg, Bath	The Ustinov Studio Bath	Phillip Ridley Playwright	Ian Nicholson Theatre Director	Matt Ball Theatre Director
Sky of the Bird Theatre Company	Creativity Works Bristol	Blind Eye Theatre Company	David Glass Ensemble	Red Cape Theatre	Taking Flight Theatre
Mirth Control – Geoff Whiting	Chris Head – Comedy Director	Tanya Rich – Voiceover artist and coach	Oscar Blustin – Artistic Director: <i>Specifiq</i>	Rupert Miles – Film director	Ed Viney – Theatre Director

This programme can also be taken as a 'Sandwich' degree, which is studied over 4 years and includes a year-long work placement in a sector of your choice. The placement year is completed between years 2 and 3 of your degree and counts for 120 Level 5 credits. During this time you will be able to utilise knowledge gained as part of your studies in a real work environment to gain 'hands on' experience. The University has a dedicated Careers & Employability team to help you find and prepare for a placement. Following your placement year, you will return to University to complete your final year of study.
